

REQUEST FOR QUALIFICATIONS FOR
PROFESSIONAL ARCHITECTURAL & ENGINEERING
DESIGN & ANALYSIS ON-CALL SERVICES
CITY OF LAKE ELSINORE
NOVEMBER 5, 2023

SUCCESSFUL WHOLE BUILDING DESIGN • A SOLUTION GREATER THAN THE SUM OF ITS PARTS

STATEMENT OF EXPERIENCE AND QUALIFICATIONS

EXPERIENCE, KNOWLEDGE & REPUTATION

November 5, 2023

Shannon Buckley
Assistant City Manager
City of Lake Elsinore
Administrative Services Department
130 South Main Street
Lake Elsinore, CA 92530

Dear Shannon Buckley:

STK Architecture, Inc. is pleased to submit our qualifications for Architectural Services. We understand the scope of services for this RFQ to encompass a variety of architectural projects.

Executive Summary

Since our founding in 1969 STK Architecture, Inc. has managed projects for our growing base of over forty California municipal, County, State and Federal agencies. A substantial majority of these agencies have chosen STK for multiple repeat projects based on successful past performance. STK offers experience in the architectural execution of a wide variety of building types, armed with the latest trends in technology, sustainability, security, and cost-effective construction. STK has proven competency, relevant to the City, in developing the optimum plan to organize, utilize, and operate your projects. STK Architecture is currently executing On-Call and As-Needed agreements with several Southern California jurisdictions.

Project Specific Experience

STK Architecture, Inc. has provided **On-Call, Programming, and Concept Design Services** for many jurisdictions in recent years, including, but not limited to:

1. Riverside County
2. San Bernardino County
3. City of Lake Elsinore

STK guarantees that all contents of this SOQ shall be valid for 120 calendar days. We have planned for delivery of services (25% of workforce power) for City of Lake Elsinore, as needed, for 2023 - 2024.

Sincerely,

A handwritten signature in blue ink, appearing to read "G.V. Salts", is written over a light blue circular stamp that contains the letters "STK".

G.V. Salts, Architect, NCARB

UNDERSTANDING OF SERVICES TO BE PROVIDED

REQUIRED AND RECOMMENDED SERVICES

Scope Description

Provide On-call Architectural & Engineering services for the City of Lake Elsinore.

Our understanding of the scope is as follows: Contracts will be awarded to pre-qualified firms for capital improvement projects. Municipal design, conceptual programming, and due diligence research will be prioritized, as will local presence and public works experience. Projects will be assigned by The City based on many considerations such as applicable experience and specific qualifications. The Lake Elsinore design needs include: Emergency, quick response, investigative forensics, site information, building information, conceptual, logistics/ operations, maintenance, open space, parks, and storage.

Projects will range from renovated tenant improvements to ground-up new build projects. Master agreements will be awarded to the most qualified firms. Once awarded, selected firms will be assigned to specific projects on an on-call basis under the Master Professional Service Agreement. A detailed scope of work will be identified in a proposal which, once approved, will result in the issuance of a purchase order.

Some examples of applicable projects include:

- Downtown rehabilitation projects
- Essential services building planning
- Site investigation reports
- Building investigation reports
- City design standards
- Community master planning
- Parks and recreation master planning
- Civic center renewal projects
- Building rehabilitation projects
- Neighborhood rehabilitation projects
- Programming and needs analysis services

Objectives:

- Provide or re-invent spaces and environments to accommodate necessary functions and operations
- Assess needs of Users and Public
- Meet current and future civic needs
- Plan for support facilities for maintenance of equipment and buildings as necessary
- Plan for supplementary design considerations: utilities, storage, circulation, interface requirements, future needs
- Accommodate circulation, City ordinances, design standards, and public access
- Provide space and circulation for outdoor activities, as required
- Accommodate parking and traffic standards
- Anticipate community technology & utility needs
- Coordinate environmental considerations
- Consider local, state, and federal guidelines as applies
- Research climate, geological, weather, and topographic considerations that will affect the programming, design, operations, construction, and functionality of the prospective project sites and buildings.

WRITTEN DESCRIPTION

HOURLY RATES

Provide complete breakdown of hourly rates based on the following yearly increments beginning from date of award.

2023 -2024

Principal	\$244
Associate	\$176
Project Manager	\$153
Senior Draftsperson	\$108
Junior Draftsperson	\$91
Administration	\$68

2024-2025

CONTRACT

EXCEPTIONS AND DISCUSSIONS REGARDING STANDARD AGREEMENT

Exceptions to and Discussions Regarding Standard Contract Agreement:

6. Suspension or Termination

We respectfully request the following consideration:

Add a termination clause for the Architect in the event of non-performance, malicious intent, or failure of payment on the part of the City.

7. Plans, Reports, Documents

We respectfully request the following consideration:

Architect should be indemnified by the City in the event that the documents are used for purposes or sites not originally intended. A & E cannot be held liable for the use of the plans, specifications and calculations for any purpose other than the original project.

FIRM HISTORY

Experience

Our team has developed professional experience in many types of facility design, including:

- Master Planning
- Design Standards
- Programming
- Public Safety
- Administration
- Fire Stations
- Essential Services Buildings
- Entertainment Centers
- Libraries
- Multi-Cinema Theaters
- Live Theatres
- Tenant Improvements
- Specialty Retail Facilities
- LEED Building Design
- Commercial Office Buildings
- Administrative Centers

Firm History

STK Architecture Inc., was founded in 1969. We offer a full range of architectural services including architectural design, sustainability, interior design, master planning, and feasibility studies. Our continued commitment to clients and their needs has earned us the trust of valued people and organizations.

Since our founding we have been involved in a diverse selection of commercial, governmental and institutional projects for a variety of established clients.

Our firm is extremely sensitive to strict time-lines, adherence to budgets, and the needs, opinions and desires of our Clients.

ROBERTO RUBINI

STK ARCHITECTURE, INC. RESUME

Role In The Firm:

Lead Design, Associate

Experience:

Since 1990

With STK:

Since 1995

Education:

Bachelor of Architecture
Ricardo Palma University
Lima, Peru, 1990

Roberto's strengths are design, document implementation, and rendering.

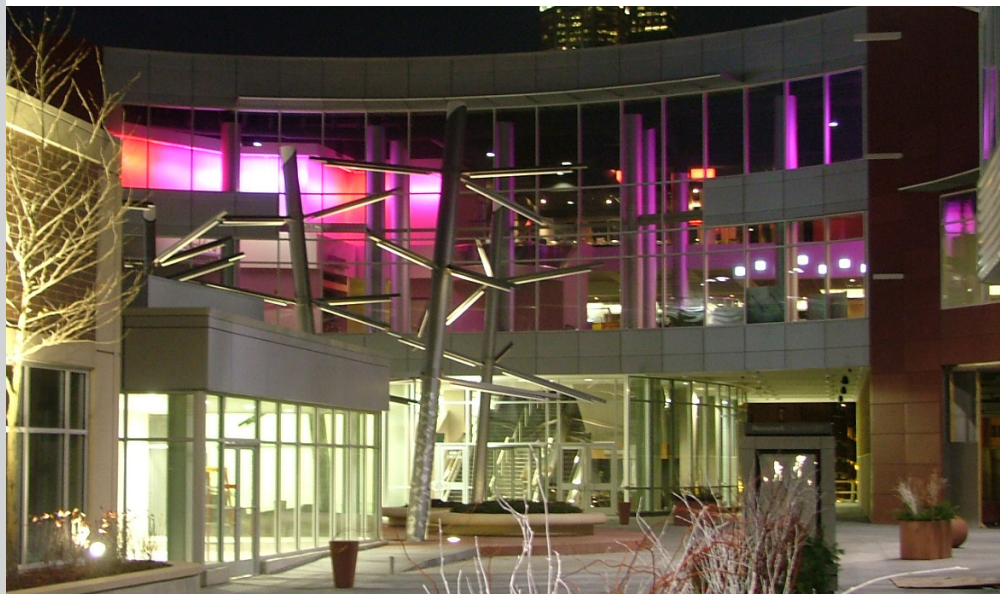

Mr. Rubini joined STK in 1994. Roberto's multi-talents, hard work and diligence has made him a valuable asset for STK and our clients.

Roberto possesses a rare combination of creative talent and technical excellence— attributes perfectly suited to successful architectural design. He has a wide variety of design experience from multi-million dollar theatre/entertainment centers to local fire stations.

Roberto is well versed in coordination of construction documents, implementing his outstanding designs and making them reality. He is the Revit expert at STK, and has taken on the role of teacher/ mentor for the rest of the staff. Roberto's strengths are design, document implementation, and rendering.

Relevant Projects:

- Desert Hot Springs City Hall
- Lake Elsinore City Hall and Cultural Center Restoration
- Menifee Fire Station
- Kerasotes Entertainment Center, Boston, MA
- Kerasotes Roosevelt Center, Chicago, IL
- Various Urban Center Renewal Design Projects

G.V. SALTS

STK ARCHITECTURE, INC. RESUME

Role In The Firm:

Project Architect, COO

Experience:

Since 1984

With STK:

Since 1987

Education:

Bachelor of Architecture
Kansas State University, 1986

Professional Registration:

CA Architect License #C22977
NCARB #63217

G.V. has been the principal-in-charge of fire stations and a variety of municipal and public works projects.

Mr. Salts joined STK in 1987 as an intern architect and became an owner in 1999.

He has been the principal-in-charge of fire stations and a variety of municipal and public works projects including libraries, governmental buildings, offices and communications facilities.

G.V. has worked with multiple county, city and regional municipalities, as clients, to design and implement their facilities.

Additional work which rounds out his architectural, and master planning experience includes:

- Fire stations
- Libraries
- Community centers
- Administrative offices
- Maintenance facilities

Relevant Projects:

- City Hall, Lake Elsinore, CA
- Launch Pointe, Lake Elsinore, CA
- Home Gardens Multi-Use Center, Riverside County, CA
- City of Highland Master Plan, Highland, CA

APPLICABLE EXPERIENCE

STATEMENT OF QUALIFICATIONS

Statement of Qualifications:

The STK Team has served several City and County clients on as-needed (on-call) contracts, and have provided A&E services for the design and construction of dozens of civic, essential services, and on-call projects. These Clients have extended multiple and repeat contracts to our team, indicating that the investigative, creative, technical and professional skills necessary to successfully deliver such services are not just adequate, but exemplary.

The average longevity for staff in architectural firms is 18 months. The average longevity of the STK staff is over 10 years; meaning, the people who performed the exemplary services mentioned above, are the very people who will serve you on your projects. The specific experience of our staff is directly applicable and relevant to the City of Lake Elsinore's requirements. Our investigation, design forensics, programming, needs analysis, concept design, and presentation experience is vast and unsurpassed.

STK has conducted business since 1969. Combined, our staff has over 100 years experience providing services for public works clients, and the proposed team has over fifteen years experience providing on-call services. This quantifiable evidence clearly demonstrates that STK has tangible and verifiable experience and knowledge to provide exceptional service for your projects.

Applicable Project Experience

Palm Desert City Hall remodel and renovation for development services. Building Investigation report, Programming services, conceptual design and video presentation.

City of Palm Desert

Launch Pointe outdoor experience and activity development conceptual design and presentation, building design and presentation, master planning and presentation.

City of Lake Elsinore

Desert Hot Springs Civic and Municipal rehabilitation and new buildings

City of Desert Hot Springs

Burbank Entertainment Center: Master Plan, civic design, programming, movie theatre program, concept, implementation, and executed completion.

City of Burbank and AMC Theatres Development

Highland 30-acre City multi-use master plan: Community Center, Athletic Center, Therapy Pool, Library, Sports Park, & Corporate Yard -- research, programming, design, and implementation

City of Highland

WORK EXPERIENCE

Scope: Remodel Existing City Hall Offices and Lobby contains Lobby, Restrooms, Offices, Storage, Support Space

Project Architect: Camille Acton

Project Manager: Jonie Romano

Designer: Camille Acton/ Jonie Romano

Square Footage: 14,051 S.F.

42095 Zevo Dr., Suite A15, Temecula, CA 92590 • 951.296.9110 • www.stkinc.com • stk@stkinc.com

PROJECT EXPERIENCE

BURBANK ENTERTAINMENT CENTER

Project Details for Burbank Entertainment Center:

16-Plex Theatre Square Footage: 121,143

Shell Retail Space Square Footage: 18,000

Restaurant Square Footage: 20,000

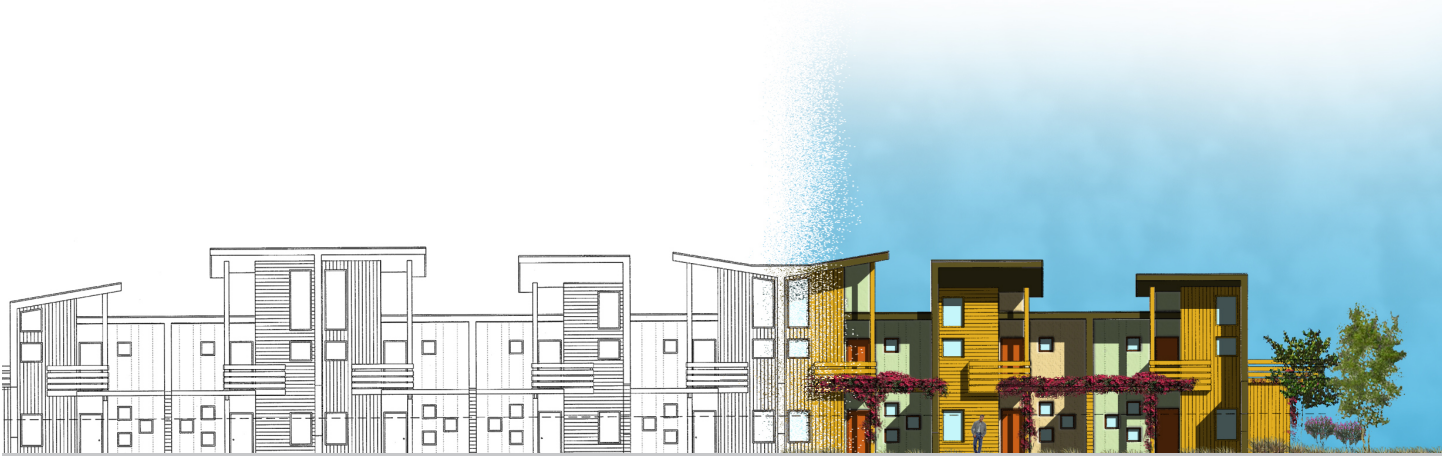

Parking Garage Square Footage: 110,520

Burbank Entertainment Village was an exciting and challenging project for the STK team. Included in the retail center was 18,000 S.F. of shell retail space, 20,000 S.F. of restaurant, a 3-level 110,520 S.F. parking garage and a 121,143 S.F. 16-plex theatre (with fit-out), resulting in a 276,000 S.F. retail/entertainment hub for the City of Burbank - a city that revolves around the entertainment industry. The success of this facility is paramount to AMC because the theatres it replaced were among the highest grossing cinemas in the country.

PROJECT EXPERIENCE

OSIO APARTMENTS/ MIXED-USE COMPLEX

Project Details for Osio Apartments:

3.31-acre downtown site with 42 housing units, playground, courts, clubhouse and greenbelt

Original problem: The owner wanted signature, affordable housing in a development that would upgrade the neighborhood and become an impetus for civic improvement.

Tasks included: Thorough site analysis, reporting on existing context and exploration of several options, master plan and unit plans.

Solution: The decision was made to maintain the greenbelt and open areas, use efficient plans to maximize density, and introduce a contemporary vocabulary into the otherwise non-descript context of the neighborhood.

WORKLOAD AND AVAILABILITY

STK staffs each project with the most experienced personnel available based on applicable expertise and project workload. As a matter of course, STK employees collaborate on all building projects, and are prepared to execute virtually any architectural building type. Managing and maintaining staff workloads are, therefore, seamless and efficient. Currently, workload is steady and predictable. Members of this project team are committed for 50% of their time this year. Should we be awarded this contract, it will account for approximately an additional 5% of their time. Our policy is to commit 75% of employee's time for the year leaving time for additional services, as required. This system ensures proper project staffing and client satisfaction, as demonstrated by our greater than 80% return rate. All staff and consulting engineers are local to southern California.
