📍 521 N.LANGSTAFF  
LAKE ELSINORE, CA 92530

**Proposal #**1911882133

**Date** Nov 9, 2023

📍 521 N.LANGSTAFF, LAKE ELSINORE, CA 92530

Emergency Operations Center	22 panes
Temp City Hall	18 panes
Senior Center	28 panes

**Solution 1** Tinting of Emergency Operations Center per scope

Emergency Operations Center	22 panes
Temp City Hall	18 panes
Senior Center	28 panes

**Avery Dennison DR OptiTune 05i**

**Combining cooling performance with style** Engineered with nano-technology for color stability and exceptional performance, the Avery Dennison DR OptiTune Dual Reflective interior window film combines high solar heat rejection with low internal reflectance. Its attractive, warm neutral grey tone makes it a great choice for both residential and commercial use.

DR OptiTune functions as a one-way mirror for outstanding daytime privacy.

UV Rejection: 99% Heat Rejection: 84% Single Pane 73% Dual Pane

**\$ 4,358.00**

**Solution 2** Tinting of Temporary City Hall per scope

Emergency Operations Center	22 panes
Temp City Hall	18 panes

## Avery Dennison DR OptiTune 05i

**Combining cooling performance with style** Engineered with nano-technology for color stability and exceptional performance, the Avery Dennison DR OptiTune Dual Reflective interior window film combines high solar heat rejection with low internal reflectance. Its attractive, warm neutral grey tone makes it a great choice for both residential and commercial use.

DR OptiTune functions as a one-way mirror for outstanding daytime privacy.

UV Rejection: 99% Heat Rejection: 84% Single Pane 73% Dual Pane

**\$ 4,923.00**

### Next Steps:

1. Approval: If you find the details outlined in the above proposal to be accurate and satisfactory, please approve this proposal by entering your name and tapping the approve button.
2. Collect 50% Deposit: Upon the approval of this proposal, you can conveniently initiate the deposit payment by following the link provided on the next page. The deposit will be credited to your invoice. If prior arrangements with management have exempted you from making an upfront deposit, disregard this step.
3. Schedule: Upon successful deposit collection, our team will proceed to order the required materials. Our office will then reach out to you to coordinate the scheduling of your installation. It's important to note that the installation date will be confirmed once the deposit payment is received, unless otherwise authorized by management. Kindly allocate a 1-hour window for the estimated arrival time on the day of installation.
4. Final Payment: The final payment is due upon the project's successful completion. Kindly note that if the payment is not received within 15 days from the project's completion date, a late fee of 5% will be applied to the total project price. Furthermore, an additional fee of 1.5% will be compounded for each subsequent month until the outstanding balance is settled in full.
5. Warranty: Warranty coverage will be activated only when the final invoice amount has been settled in its entirety.
6. Contract: For an in-depth understanding of the contract terms and conditions, we invite you to access the comprehensive details by clicking on the link provided below. Your adherence to these steps is greatly valued, ensuring a seamless and successful collaboration. Should you have any inquiries or require clarification at any stage, please do not hesitate to reach out.

Thank you for entrusting us with your project.

ⓘ You didn't select any solutions. Please select solutions above to approve the proposal.

**\$ 0.00**

## Window Film Installation Contract

### How to Prepare

To ensure a smooth and efficient visit, we offer the following tips on how to prepare for our scheduled installation:

**Clearing the Work Area:** Prior to our arrival, we request that you clear all valuables, important items, and heavy objects from the areas designated for our work. While we are capable of moving smaller minor items, please be advised that larger or valuable items are not within our responsibility to handle.

**Installation Timing:** Our dedicated installers will adhere to the agreed-upon schedule, arriving within a 60-minute window. This approach is designed to provide flexibility while accommodating your commitments.

**Installation Process:** Upon arrival, our skilled technicians will proceed with the following steps:

**Cut the Film:** Our team will meticulously cut the film to ensure precise fitting.

**Glass Preparation:** The glass will be thoroughly cleaned and prepared for the installation.

**Application of Material:** The chosen window film will be expertly applied to the glass surface.

**Allow for Completion:** We request that you allow our installers to complete the entire installation process before evaluating the finished work. This approach ensures that all aspects of the job are addressed thoroughly and to the highest standards.

**Installer Guidance:** Rest assured that our installers are trained professionals who take pride in their work. At the conclusion of the installation, they will be more than happy to guide you through the finished project, explaining any necessary details and addressing any queries you may have.

Thank you for your cooperation in preparing for our visit. Your proactive measures contribute to a successful installation experience. Should you have any questions or require further assistance, please feel free to reach out to our team!
