

REPORT TO CITY COUNCIL

To: Honorable Mayor and Members of the City Council

From: Jason Simpson, City Manager

Prepared by: Damaris Abraham, Assistant Community Development Director

Date: February 22, 2024

Subject: General Plan Update – City Council Study Session No. 2

Recommendation

Discuss and provide direction to staff regarding the General Plan Update.

Background

The City recently launched the General Plan update program. As part of the engagement process, the project team is hosting up to five (2) City Council study sessions to identify and discuss issues, proposed plans, and other subjects at key points during the planning process. The first study session was held on December 12, 2023 and explored what the City Council members envision for Lake Elsinore's future.

Discussion

This second study session will explore issues raised at the first study session. To assist in the discussion, the General Plan update team will highlight key findings from the Existing Conditions Atlas, Draft Market Analysis Findings, and Proposed Transportation Improvements. Land use, transportation, and fiscal impacts will be the three major topics that will be discussed at this session.

Fiscal Impact

There are no fiscal impacts associated with this item.
