**Whereas**, on December 13, 2022 at a duly noticed Public Hearing, the Council has considered the recommendation of the Commission as well as evidence presented by the Community Development Department and other interested parties with respect to this item.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAKE ELSINORE DOES HEREBY RESOLVE, DETERMINE AS FOLLOWS:**

**Section 1:** The Council has reviewed and analyzed proposed ZC No. 2021-03, pursuant to the California Planning and Zoning Laws (Cal. Gov. Code Sec 65000 et. seq.), the Lake Elsinore General Plan (GP) and the LEMC and finds that ZC No. 2021-03 is consistent with the requirements of California Planning and Zoning Law and with the goals and policies of the GP and the LEMC.

**Section 2:** That in accordance with LEMC Section 17.415.040.F. Findings, the Council makes the following findings regarding findings regarding ZC No. 2021-03:

1. The proposed amendment will not be (a) detrimental to the health, safety, comfort, or general welfare of the persons residing or working within the neighborhood of the proposed amendment or within the City, (b) injurious to property or improvements in the neighborhood or within the City
  - a. *The proposed rezoning has been analyzed relative to its potential to have detrimental effects to the health, safety, comfort or general welfare of persons residing or working within the neighborhood of the Project site, and conditions of approval have been added on the Project to ensure that the health, safety and welfare of surrounding residents and employees will not be adversely impacted.*

- b. The proposed rezoning would not be injurious to the property or improvements in the neighborhood. The rezoning, in conjunction with the corresponding design review approval, will allow the private development of an industrial building to be used as an off-road vehicle manufacturing facility. Standard conditions have been added requiring onsite operational activities to be conducted entirely within a completely enclosed building and the construction of infrastructure improvements in the public right-of-way abutting the Project.*

2. The proposed amendment will be consistent with the latest General Plan.

*ZC No. 2021-03 is a proposal to rezone the Project site from Commercial Manufacturing (C-M) to Limited Manufacturing (M-1). The M-1 zoning designation is consistent with the existing General Plan Business Professional Land Use designation of the Project site. Therefore, the proposed amendment is consistent with the General Plan.*
