

## REPORT TO CITY COUNCIL

**To:** Honorable Mayor and Members of the City Council

**From:** Jason Simpson, City Manager

**Prepared by:** Remon Habib, City Engineer

**Date:** May 23, 2023

**Subject:** Professional Civil Engineering Services for Wilson Mikami Corporation, Inc. for the Design of Bushman & Lakeshore Storm Drain Replacement Project

### **Recommendation**

Authorize the City Manager to execute a contract for professional design services in the amount of \$31,800.00 to Wilson Mikami Corporation, Inc. Plus an additional \$5,000 in contingency in final form as approved by the City Attorney.

### **Background**

The contract will authorize Wilson Mikami Corporation, Inc., to start the design for the Bushman & Lakeshore Storm Drain Replacement Project. The final plans will replace the existing storm drain line within Lakeshore Drive.

### **Discussion**

Wilson Mikami Corporation, Inc., will provide 100% final engineering design to re-construct 90 feet of 36" storm drain within Lakeshore Drive including inlet and headwall outlet reconstruction. The current storm drain is non-functional and the pipe is collapsing in some sections. Scope of work will also include surveying, utility conflicts research and Project Specifications and Cost Estimates.

### **Fiscal Impact**

Professional Services Contract will result into a cost of \$36,800.00 which is programmed into drainage improvements as part of the City's CIP budget.
