Receive and file the City's Annual General Plan and Housing Element Progress Report for Calendar Year 2022 and acknowledge submittal of the Housing Element portion of the Annual Report and direct staff to transmit the remainder of the General Plan 2022 Annual Progress Report to Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR).

## REPORT TO CITY COUNCIL

**To:** Honorable Mayor and Members of the City Council

**From:** Jason Simpson, City Manager

**Prepared by:** Damaris Abraham, Assistant Director of Community Development

**Date:** May 23, 2023

**Subject:** Annual Progress Report on the Lake Elsinore General Plan and Housing Element for Calendar Year 2022

### **Recommendation**

Receive and file the City's Annual General Plan and Housing Element Progress Report for Calendar Year 2022 and acknowledge submittal of the Housing Element portion of the Annual Report and direct staff to transmit the remainder of the General Plan 2022 Annual Progress Report to Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR).

### **Background**

Government Code Section 65400 requires annual reporting of the City's progress in implementing its General Plan and Housing Element. The report incorporates forms and definitions adopted by HCD to be used for satisfying reporting requirements. Consistent with the statutory requirement, staff submitted the Housing Element portion of the Annual Report to HCD and OPR on April 1.

### **Discussion**

City staff has completed the attached 2022 General Plan and Housing Element Progress Report (Report). The Housing Element portion of the annual report was submitted to the requisite state agencies on April 1. This portion of the Report summarizes the status of implementation of the programs and objectives outlined in the City's Housing Element. It contains data from the 2022 calendar year including the number of housing units completed, the number of housing units entitled, the number of housing unit development applications received, approved and denied. Also reported are the number of housing units affordable to low- and moderate-income households and the progress in meeting the City's share of regional housing needs.

If the City Council or members of the public provide oral testimony or written comments to the 2022 Annual Housing Element Progress Report, City staff may submit a supplement to the April 1 submittal.

## 2022 General Plan & Housing Element Progress Report

The 2022 General Plan Progress Report outlines the status of implementation of the programs and objectives outlined in the other elements of the City's General Plan. City Council comments and comments received from the public will be addressed by staff prior to submittal of the General Plan Progress Report to OPR and HCD.

### **Fiscal Impact**

There is no Fiscal Impact associated with this item.

# INTRODUCTION

## Purpose and Nature of a General Plan

Each city and county in California must prepare a comprehensive, long-term General Plan to guide its future. The General Plan is a city's constitution for future development. The general and specific policies of the General Plan serve as the basis for the City's land use decisions and provides both the interested public and the decision-makers a practical and implementable policy vision for the future.

This General Plan includes text describing the City's Goals and Policies associated with each General Plan Element and illustrations mapping the generalized locations of future land uses. Goals are general statements outlining the City's values or intent for particular topics and are open-ended visionary expressions. Policies are statements that help guide the City's actions.

The 2011 General Plan, which was adopted by the Lake Elsinore City Council on December 13, 2011, contains three (3) major Plan Chapters: Community Form, Public Safety and Welfare, and Resource Protection and Preservation. The seven elements that were required at the time of adoption are covered in these chapters as shown in Table 1.

Table 1, General Plan Content

Lake Elsinore Plan Chapters	Elements Covered	Issues Covered
Community Form (Chapter 2.0)	Land Use	Neighborhoods, housing, circulation, urban design, parks and recreation, special treatment areas. Flooding, seismic activity, wildfires, hazards and hazardous materials, community facilities and services, fire and police, utilities, schools, libraries, air quality, noise, and telecommunications. Biological resources, MSHCP, open space, water resources, mineral resources, cultural and paleontological resources, historic preservation, aesthetics, greenhouse gas emissions/sustainable environment, and energy conservation

Public Safety and Welfare (Chapter 3.0)	Public Safety Noise	
Resource Protection and Preservation (Chapter 4.0)	Conservation Open Space	

## Purpose of the General Plan Annual Report

California Government Code Section 65400 requires the City to annually prepare a report regarding the status of the General Plan and progress on its implementation to City Council, the

Governor's Office of Planning and Research (OPR) and the Housing and Community Development Department (HCD) each year. However, other than the required annual reports regarding progress on the Housing Element implementation, the City has not submitted prior annual reports regarding the General Plan overall. As such, this report also incorporates data from the period of January 1, 2012 through December 31, 2022.

The purpose of the Annual Progress Report (APR) is to provide City Council with an update of the City's progress in implementing its General Plan. This enables the City Council to determine whether changes are needed to the General Plan's policies or implementation programs in order for the City to achieve its stated vision. Attachment 2 to this General Plan Annual Progress Report is a copy of the Housing Element APR, also required by Government Code Section 65400 on the status of the Housing Element and the City's progress in its implementation. The Housing Element APR has separate reporting requirements and forms, which have been submitted electronically by the City prior to April 1 of each year.

To assist in the review of the General Plan Progress Report, this report presents the following information:

- Amendments to the General Plan adopted by the City Council since the current General Plan's adoption on December 13, 2011.
- Proposed amendments to the General Plan that were underway, but not yet adopted, as of December 31, 2022.
- Attachment 1 which identifies:
  - a. General Plan implementation programs that have been completed, are in-progress, or are ongoing activities of the City.
  - b. General Plan implementation programs that have not yet been initiated.

## Adopted General Plan Amendments

State law (Government Code Section 65358) allows each mandatory element of the General Plan to be amended up to four times each calendar year. This allows the General Plan to remain a current document responsive to the community's needs. Requests for amendments may be submitted by individuals or initiated by the City. Amendments to the City of Lake Elsinore General Plan for the period of January 1, 2012 through December 31, 2022 are listed in Table 2.

## Proposed General Plan Amendments

Two General Plan Amendments are pending consideration by the City Council pursuant to State law.

#### GPA No. 2014-01

Proposed mixed-use development located on the northeastern shore of Lake Elsinore at the intersection of Line Street and Lakeshore Drive. The proposed project consists of applications for a General Plan Amendment (GPA 2014-01), Specific Plan (SPN 2016-01), Zone Change (ZC 2014-03), Tentative Parcel Map (PM 37115), Commercial Design Review (CDR 2014-04) and Residential Design Review (RDR 2014-03). These applications would allow for the development of the subject property with a five-story hotel, five-story residential condominiums, a five-story residential and commercial mixed use building, five detached residential villas, commercial retail uses, hotel meeting space, drive aisles, parking lots, and water quality basins.

#### GPA No. 2021-22

Proposed development located on the north side of Minthorn Street between Chaney Street and Collier Avenue. The proposed project consists of a General Plan Amendment (GPA 2021-02) from Limited Manufacturing to General Commercial, Zone Change (ZC 2021-02), Conditional Use Permit (CUP 2022-25) and Industrial Design Review (2021-03). These applications propose construct a one-story, 9,875 sq. ft. warehouse building, a one-story, 3,000 sq. ft. office building and related improvements, outdoor storage area as an accessory use on an approximately 2.64-acre site.

#### Overall General Plan Update

The City of Lake Elsinore has begun a comprehensive update of the City's 2011 General Plan. The General Plan Update will develop a comprehensive and internally consistent General Plan with updated goals, policies, and objectives that are consistent with the major policy directions of the City of Lake Elsinore and is expected to guide the City for the next twenty years. The intent of the General Plan Update is to create an easier and faster path for approval of development proposals that are consistent with the General Plan. It will separate each of the mandatory general plan elements into separate chapters and will incorporate the Safety Element and Environmental Justice Element changes that are adopted as part of Planning Application No. 2021-18/General Plan Amendment No. 2021-01 that are described above.

The 2021-2029 Housing Element (part of Planning Application No. 2021-18/General Plan Amendment No. 2021-01, described above), as adopted by the City Council, will be incorporated as a separately bound chapter. As part of the overall General Plan update, the City will also update its Climate Action Plan by utilizing the Western Riverside Council of Governments' Subregional Climate Action Plan.

<b>Wildfire Hazards Goal, Policies and Implementation Program</b>			
Goal 4 Adhere to an integrated approach to minimizing the threat of wildland fires to protect life and property using pre-fire management, suppression, and post-fire management.			
4.1 Require on-going brush clearance and establish low fuel landscaping policies to reduce combustible vegetation along the urban/wildland interface boundary.	The City will coordinate with the California Department of Forestry and the County Fire Department supporting public fire education and prevention programs.	Community Development and Public Works Departments	Ongoing - Implemented through the project review process.
4.2 Create fuel modification zones around development within high hazard areas by thinning or clearing combustible vegetation within 100 feet of buildings and structures. The size of the fuel modification zone may be altered with the addition of fuel resistant building techniques. The fuel modification zone may be replanted with fire-resistant material for aesthetics and erosion control.	The City will work with developers to establish a Road and Bridge Benefit District (RBBD) or other funding mechanism to construct extensions of Summerhill Drive, and La Strada to provide secondary/emergency access to existing development.	City Manager, Engineering and Community Development Departments	
4.3 Establish fire resistant building techniques for new development such as non-combustible wall surfacing materials, fire-retardant treated wood, heavy timber construction, glazing, enclosed materials and features, insulation without paper-facing, and automatic fire sprinklers.	The City shall work with the Elsinore Valley Municipal Water District to maintain adequate water supply and fire flow, and	City Manager, City Fire Marshal and Public Works Department

Goal 3 Provide an open space layout within the City that will enhance the recreational and visual experiences of all City residents and visitors.			
3.1 Maximize the MSHCP conservation areas and other open space that is available for public use.	The City shall consider modifying the existing grading ordinance to include contour grading or other methods and concepts that protect and enhance steep slopes, including enforcement procedures and appropriate access.	Engineering Department	Not implemented to date.
3.2 The City shall ensure that passive and active open space uses are incorporated into development areas.			
3.3 Development on steep slopes in public or private property shall require contour grading.			
3.4 Preserve the City’s visual character, in particular the surrounding hillsides, which topographically define the lake region.			
Water Resources Goal, Policies and Implementation Program			
Goal 4 Improve water quality and ensure the water supply is not degraded as a result of urbanization of the City.

<b>5.0 East Lake District</b>				
Goal 1 Integrate the future residential and commercial development with the recreational and open space land use framework to create a cohesive master planned community.				
EL 1.1	Through the project and CEQA processes require adequate noise buffers between residential, commercial and active recreational facilities such as the airstrip and motocross.	With the East Lake Specific Plan in place, the City shall support land use applications consistent with the Specific Plan uses, design, development standards and guidelines, circulation, and public spaces.	Community Development, Engineering, and Parks and Recreation Departments	Ongoing - Implemented through the project review process and the City's implementation of CEQA.  In order to facilitate implementation of the East Lake Specific Plan, the City prepared East Lake Specific Plan, Amendment No. 11, which was adopted on November 28, 2017. Amendment No. 11 consolidated all earlier amendments and established a new land use plan, and updated development standards and guidelines.
EL 1.2	Through the project and CEQA processes implement an efficient street system in order to accommodate proposed development and recreational uses.			
EL 1.3	Through the project and CEQA processes provide a variety of recreational opportunities in concert with the City's image as a recreational "Dream Extreme" destination.

**Optional:** Click here to import last year's data. This is best used when the workbook is new and empty. You will be prompted to pick an old workbook to import from. Project and program data will be copied exactly how it was entered in last year's form and must be updated. If a project is no longer has any reportable activity, you may delete the project by selecting a cell in the row and typing ctrl + d.

[Click here to download APR Instructions](#)

1\_23\_23

**Optional:** This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

**Optional:** Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.

**Optional:** This macro identifies dates entered that occurred outside of the reporting year. RHNA credit is only given for building permits issued during the reporting year.

Housing Element Annual Progress Reports (APRs) forms and tables must be submitted to HCD and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year for the prior calendar year; submit separate reports directly to both HCD and OPR pursuant to Government Code section 65400. There are two options for submitting APRs:

**1. Online Annual Progress Reporting System - Please see the link to the online system to the left.** This allows you to upload the completed APR form into directly into HCD's database limiting the risk of errors. If you would like to use the online system, email [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov) and HCD will send you the login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is [opr.apr@opr.ca.gov](mailto:opr.apr@opr.ca.gov).*

**2. Email -** If you prefer to submit via email, you can complete the excel Annual Progress Report forms and submit to HCD at [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov) and to OPR at [opr.apr@opr.ca.gov](mailto:opr.apr@opr.ca.gov). Please send the Excel workbook, not a scanned or PDF copy of the tables.

\*Extremely low-income housing need determined pursuant to Government Code 65583(a)(1). Value in Section 5 is default value, assumed to be half of the very low-income RHNA. May be overwritten.

Note: units serving extremely low-income households are included in the very low-income RHNA progress and must be reported as very low-income units in section 7 of Table A2. They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at [apr@hcd.ca.gov](mailto:apr@hcd.ca.gov).

# ANNUAL ELEMENT PROGRESS REPORT

## Housing Element Implementation

Jurisdiction		Lake Elsinore	
Reporting Year		2022	(Jan. 1 - Dec. 31)
Table D			
Program Implementation Status pursuant to GC Section 65583			
<b>Housing Programs Progress Report</b> Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
Program 1: Code Enforcement	Rehabilitation assistance or assistance referrals to 16 lower-income households (2 per year)	Ongoing; Annual Quantification of Cases/Inspection as part of the Annual Progress Report process; applying/approving CDBG funding on an annual basis.	The Community Development Department continues to enforce Municipal Codes and state Codes addressing public health and safety and nuisance conditions. In 2022, the City Code Enforcement Division initiated a total of 1,155 new cases to investigate potential violations on residential properties.
Program 2: Substandard and Abandoned Housing	Assist approximately 25 lower-income households (3 per year).	Ongoing; Annual quantification of new registrations and demolitions as part of the Annual Progress Report process	In 2022, a total of three residences were demolished through the Structure Abatement Program and a total of 16 abandoned single-family residential properties were registered through the Abandoned Residential Property Registration Program.
Program 3: Housing Rehabilitation Programs	Assist approximately 25 lower-income households (3 per year).	Ongoing	In 2022, a total of five homes were identified and a total of one home was remodeled, completed and sold through the Receivership program.
Program 4: Affordable Housing at Risk of Conversion	Preserve 754 affordable units (listed in Table 2.16)	Ongoing; Contact owners/operators if a property becomes at risk of conversion	Out of 754 existing affordable units, none have expiring affordability covenants by 2031. The Planning Division continues to track and apply for funding opportunities to preserve at-risk units and assist other organizations in acquiring units.

Program 5: Energy Conservation	Assist residents in minimizing energy-related expenses	Ongoing	The Planning Division continues to promote environmentally sustainable building practices and to inform the public of energy conservation measures. CAP measures are implemented through the development review process and project design incorporates sustainability principles to the maximum extent feasible. Through the plan review and inspection process, the Building & Safety Division continue to enforce state energy standards.
Program 6: Density Bonus	Four projects that use the density bonus provisions	Updated density bonus ordinance adoption within two years of Housing Element adoption; reviewing ordinance for compliance with State law and density bonus information- ongoing	In 2022, no density bonus applications were received or processed. Staff continues to review the density bonus ordinance for compliance with State law and share information with residential developers on density bonus provisions. The Planning Division is currently updating the density bonus ordinance and its residential design review application form and will include a copy of the density bonus ordinance in the application.
Program 7: Affordable Housing Development	Assistance for two affordable housing projects in the planning period	List of City-owned properties upon Housing Element Adoption and Certification; Update annually.	The Planning Division continues to review and update the list of City-owned property suitable for affordable housing projects; provide pre-application technical assistance to affordable housing providers to determine project feasibility; and consult with local affordable housing developers. The City is currently working with affordable housing developers and negotiating agreements for financial assistance to three new affordable housing developments. Two of these projects will include the disposition of city-owned land.
Program 8: Affordable Housing Partnerships	Two affordable housing projects during the planning period	Ongoing; Web link to available housing programs on the City website within one year; Assess the City's role in the new Western Riverside County Housing Finance Trust and explore timeframes for leveraging funds to be used within the City.	See above report for Program 7. Also, The City has an Affordable Housing web page as part of its City's website. The Affordable Housing page includes links to available housing programs for low- and moderate-income homeowners and first time home buyers, including Riverside County EDA and CHFA First Time Homebuyer Programs, the County Mortgage Credit Certificate Program, and County EDA Home Repair Program. In addition, the website also provides links to affordable housing projects in the City that offer affordable housing opportunities to very low-, low- and moderate-income tenants.

Program 9: Downtown Lake Elsinore Residential Development	Two infill development projects in the City's historic Downtown; Assembly of two development ready pads in/near Downtown; Review and revision of Downtown developments standards within 3 years.	Ongoing	The Planning Division continues to administer this program by studying ways to incentivize infill development in Downtown. In 2022, the City approved a 16-unit affordable senior apartments project on an infill site on Riley Street in the downtown. Assistance to an affordable housing developer for a second infill affordable housing project in the downtown is currently being negotiated. Planning Division review and revision of Downtown development standards is in progress.
Program 10: Homeowner Assistance Program	Direct residents to regional or state homeowner assistance resources	Ongoing; Post on City website by January 2023.	Information is posted on City's website. The Community Development Department and City Manager's Office continue to share information and direct residents to homeowner assistance resources.
Program 11: Development Process Streamlining	Provide information about SB 35 streamlining provisions in Lake Elsinore and eligibility information	Ongoing; SB 35 informational material within two years of Housing Element adoption	The Planning Division is currently preparing updated applications and informational handouts regarding SB 35 streamlining eligibility.
Program 12: Objective Design Standards	Adoption of objective design standards	Within two years of Housing Element adoption	The Planning Division is currently preparing objective design standards to be review by the Planning Commission and City Council.
Program 13: Rental Assistance	Preservation of 230 Housing Choice Vouchers currently in use in Lake Elsinore	Ongoing; Add information to the City's website on participation in the Housing Choice Voucher Rental Assistance Program within one year from Housing Element adoption.	Information on the Housing Choice Vouchers is posted on the City's website along with other housing affordability resources.

Program 14: Special Needs Housing	Assistance for two special needs housing projects in the planning period	Ongoing; List of City-owned properties appropriate for affordable or special needs housing by December 2022; Annual contact with special needs stakeholders to advertise available City funds if funding is available (including sharing a list of City-owned properties that can be used for affordable or special needs housing and available funding sources).	The City is working with an affordable housing developer to identify special needs project.
-----------------------------------	--	---	---

<p>Program 15: Resources to Address Homeless Need</p>	<p>Assistance for one non-profit organizations annually that helps residents experiencing homelessness</p>	<p>Ongoing funding for the Lake Elsinore Homeless Task Force; applying/approving CDBG funding for non-profit organizations on an annual basis. List of City-owned properties appropriate for affordable or special needs housing by December 2022; Annual contact with special needs stakeholders to advertise available City funds if funding is available (including sharing a list of City-owned properties that can be used for affordable or special needs housing and available funding sources).</p>	<p>City Staff are active participants in organizing, hosting volunteer sites, and accompanying teams during the Homeless-CountPoint-in-Time Program. In 2022, Riverside County reported a homeless population of 3,316 with 35 located within the City of Lake Elsinore.</p> <p>On May 23, 2017, the City Council of the City of Lake Elsinore approved the creation of the Homeless Task Force to further the City's efforts to address homelessness. The Task Force is a working group of key community leaders that meet every other week to identify short and long-term solutions. The Task Force has been instrumental in developing the "Housing LE Program". In cooperation with the non-profit organization SWAG (Social Work Action Group) the City has secured Homeless Emergency Aid Program funds to provide direct assistance to house persons who are homeless or at risk of homelessness. The Task Force has successfully conducted homeless street outreach and community engagement, provided rental assistance and housing subsidies as well as case management and supportive services. Homeless Street Outreach Reports are posted monthly on the City's website.</p> <p>City and its non-profit partner SWAG continue to operate The Anchor, a 14-unit crisis stabilization/transitional housing project to provide temporary housing to extremely low-income persons that are homeless or at risk of homelessness (the "Target Population"). The Anchor was opened in December 2020 and provides housing and supportive services to up to 28 individuals.</p> <p>The City provided financial assistance to SWAG during 2022 for street outreach programs, emergency housing services and The Anchor operations is an aggregate amount of approximately \$880,750 and continues to pursue federal and state grant funding opportunities.</p>
