Subject: Resolutions Fixing of the Employer Contribution Under the Public Employees Medical and Hospital Care Act (PEMHCA) at an Equal Amount for Employees and Retirees

Recommendation

1. Adopt A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAKE ELSINORE, CALIFORNIA, FIXING THE EMPLOYER CONTRIBUTION UNDER THE PUBLIC EMPLOYEES' MEDICAL AND HOSPITAL CARE ACT AT AN EQUAL AMOUNT FOR EMPLOYEES AND ANNUITANTS (CalPERS); and
2. Adopt A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAKE ELSINORE, CALIFORNIA, FIXING THE EMPLOYER CONTRIBUTION UNDER THE PUBLIC EMPLOYEES' MEDICAL AND HOSPITAL CARE ACT AT AN EQUAL AMOUNT FOR EMPLOYEES AND ANNUITANTS (NON CalPERS).

Background

The City of Lake Elsinore has an existing agreement with the California Public Employees' Retirement System (CalPERS) to provide its health program to active Lake Elsinore employees and retirees. The CalPERS health program is governed by the Public Employees Medical and Hospital Care Act (PEMHCA) and the California Code of Regulations (CCR) of the California Public Employees Retirement Law (PERL). PEMHCA contains all the rules and regulations a contracting agency must adhere to, and the resolution is the mechanism by which an agency elects to become subject to PEMHCA.

One of the requirements of the PEMHCA is the "equal contribution rule." The equal contribution rule generally requires a PEMHCA employer to pay the same amount toward health insurance premiums for its retirees as for its active employees. The PEMHCA provides that the employer's equal contribution rate be at least as much as the "PEMHCA minimum," which is currently \$151 per month for 2023 and is subject to an annual adjustment.

One way for a PEMHCA employer to potentially save money is to lower its equal contribution commitment for both actives and retirees to the PEMHCA minimum and then separately subsidize actives' and retirees' health care premiums through the use of cafeteria plans or health

reimbursement arrangements (HRAs). In this way, an employer can differentiate between the treatment of active employees and retirees. It can also differentiate within its active employee and retiree groups by providing differing subsidies through cafeteria plans or HRAs. Per the Side Letter to the 2021-2026 LIUNA Memorandum of Understanding (Attachment 1) and Section 11.2.6 of the 2021-2026 LIUNA Memorandum of Understanding (Attachment 2), eligible active employees receive a cafeteria plan contribution of \$1,900 monthly minus the PEMHCA minimum. Per Section 11.3.1 of the 2021-2026 LIUNA Memorandum of Understanding (Attachment 3), retirees hired before January 1, 2015, receive an additional contribution equal to the difference between their medical insurance premium total minus the PEMHCA minimum. Employees hired after January 1, 2015, only receive the PEMHCA minimum contribution. No one hired after January 1, 2015, has retired from the City of Lake Elsinore.

The City has first established equal contributions to all active and retired employees through acknowledgment in the MOU. The next step is to formalize this change through resolution with CalPERS. This will not only place the City in compliance with the equal contribution rule but also allow for a reduction in the ongoing cost of medical health benefits, especially for future retirees. The City has two employee groups assigned within CalPERS: CalPERS and NON-CalPERS. City Council members fall under the NON-CalPERS group, while all other employees fall under the CalPERS group. This requires the City to have two resolutions (Attachment 4 and Attachment 5).

Discussion

The City is currently preparing for the administrative change that will take place once these resolutions are in effect. The active employees will not experience any change, but the retirees will. CalPERS invoices the City monthly for the entire premium for each active and retired employee. The resolution will remove the total retiree premium from the City's invoice and replace it with the PEMHCA minimum amount. For 2024, that new minimum will be \$157. The remaining portion of the retiree's monthly premium will be deducted from their monthly CalPERS pension check. If their premium is more than their pension check, they will be billed by CalPERS. If the retiree was hired before January 1, 2015, the City will send the retiree a reimbursement payment to cover the amount deducted (or billed) by CalPERS. This reimbursement is not taxable. If the retiree was hired after January 1, 2015, the City will not send a reimbursement payment and will only pay the PEMHCA minimum. The City will directly deposit the reimbursement payments on or around the 1st of each month to coordinate with the timing of the monthly pension check.

The City has contacted all 59 retirees to discuss this change and securely collect bank account information in preparation for the reimbursement payments. The direct deposits will be handled in-house by Human Resources each month.

The effective date for this change is February 1, 2024. Selecting February rather than January will allow Human Resources an entire month to calculate the reimbursement payments after the new 2024 medical rates go into effect. CalPERS regulations state that the contribution change will be effective the first day of the second month following receipt of a newly adopted resolution. A resolution adopted by the City Council and provided to CalPERS before December 31, 2023, will allow for the effective date of February 1, 2024.

Fiscal Impact

The adoption of the proposed resolutions will not have an impact on the adopted budget.

11.2.2 Dental Coverage

Dental coverage will be provided as an option through the Section 125 Cafeteria Plan.

- b. Policies and benefits therein are subject to change by the carrier, by the marketplace, by CalPERS Regulations, or other intervening regulations or laws. In the event of such change, the City shall not be required to maintain any benefit or benefit level other than that contained in mutually agreed to carrier policies.

11.2.3 Vision Coverage

Vision coverage will be provided as an option through the Section 125 Cafeteria Plan.

11.2.4 Flexible Benefits Program

11.2.6 Cafeteria Contribution Amounts

Employees will receive the PEMCHA minimum defined as the statutory medical insurance contribution under Government Code Section 22892 (\$143 for 2021). The City will contribute an additional allowance towards the employee's monthly cafeteria allotment for the employee and their dependents.

- Effective July 1, 2020, the medical contribution will be \$1,350 per month.
- Effective January 1, 2022, the cafeteria contribution will be \$1,500 per month, less the PEMCHA minimum.

- Effective January 1, 2023, the cafeteria contribution will be \$1,600 per month, less the PEMCHA minimum.

- B. The opt-out payment may not be made if the employer knows or has reason to know that the employee or any other member of the employee's expected tax family does not have or will not have the alternative coverage;
- C. The evidence of alternative coverage must be provided every plan year to which the eligible opt-out arrangement applies; and
- D. The reasonable evidence will be an attestation signed by the employee, attesting to the above, and must be provided no earlier than a reasonable period of time before each plan year begins.

11.3 RETIREMENT

The City has established a multi-tiered retirement benefit.

The City shall pay the appropriate employer's contribution toward retirement benefits per the provisions of the contract between the City of Lake Elsinore and the Public Employee's Retirement System.

The City is recognized by the Social Security Administration as an eligible employer and as such the City and its employees must make appropriate contributions as determined by the Social Security Administration.

a) Tier 1

The City's first-tier PERS retirement formula of 2.5% @ age 55 applies to employees hired before July 1, 2011. The retirement formula provided by CalPERS is calculated at the single highest year of final compensation.

Employees shall pay their entire 8% PERS member contribution.

b) Tier 2

The City's second-tier PERS retirement formula of 2% @ age 60 applies to employees hired between July 1, 2011, and December 31, 2012. Tier two also applies to those employees hired after July 1, 2011, and from a Reciprocal Agency within a 6-month break in service. The retirement formula provided by CalPERS is a benefit based on the highest 36 months of employment. Employees shall pay their entire 8% PERS member contribution.

c) Tier 3

Under the Public Employment Pension Reform Act of 2013, (also known as "PEPRA", Assembly Bill 340), those who first become employed by the City on or after January 1, 2013, and who are "new members" as that term is defined in PEPRA, shall be subject to the tier three Public Employees Retirement System (PERS) formula of 2% @ age 62, and a benefit based on the highest 36 months of employment. New members shall pay 50% of normal cost. New members shall also be subject to all other applicable provisions of PEPRA. This retirement formula shall be known as Tier 3.

11.3.1 Retiree Medical and Dental Reimbursement

The City will provide medical and dental benefits, for eligible employees and their spouses, upon retirement from the City of Lake Elsinore, as follows:

- a) Employees will receive the PEMCHA minimum contribution. The PEMCHA minimum is the statutory medical insurance contribution according to Government Code Section 22892. Employees hired before January 1, 2015, shall receive an additional contribution equal to the difference between the medical insurance premium total minus the PEMCHA minimum. Eligible retired employees are those employees that were hired or rehired on or before January 1, 2015, and have, upon retirement under CalPERS standards. If a retired Lake Elsinore employee reinstates to a regular benefited position with any California PERS Agency, including the City of Lake Elsinore, this benefit will be discontinued and will not be reinstated.
- b) Employees hired after January 1, 2015, shall only receive the PEMCHA minimum contribution.
- c) Retirement from the City of Lake Elsinore shall be defined as a PERS service or industrial disability retirement, and the employee must be eligible for such retirement at the time of or within 120 days of separation from City service. The date of eligibility shall be the employee's official CalPERS retirement date.

11.3.2 LIUNA Pension

The City will deduct the current contribution amount from each employee who chooses to be enrolled in the LIUNA Pension Plan. This deduction will adjust based on the LIUNA Pension Rehabilitation fee agreement or any subsequent agreement between the City, the Union, and the LIUNA Pension.
